ADDITIONAL COSTS

Additional Item	Details	Cost
Domain name	Domain registration normally runs for one year. The first year is handled and paid by the developer. Thereafter, thePRETTYPRINT is responsible for annual renewal.	Covered by developer (first year)
Hosting	Hosting / deployment is handled and paid by the developer until a large increase in traffic. After that, thePRETTYPRINT is responsible for ongoing hosting costs unless otherwise agreed.	Covered by developer until traffic increases sharply
Monthly maintenance	A monthly maintenance fee will apply after launch. The amount will be discussed and agreed once the website has launched.	To be discussed after launch

TERMS

- The P 2,460.00 service fee (60%) is due upfront and is required before work proceeds.
- The remaining P 1,640.00 balance (40%) is due once the website has been delivered for review.
- Domain registration normally runs for one year and is handled and paid by the developer for that first year. After that, thePRETTYPRINT is responsible for annual renewal.
- Hosting is handled and paid by the developer until a large increase in traffic. After that, thePRETTYPRINT is responsible for ongoing hosting costs so the website can remain online.
- thePRETTYPRINT is responsible for providing the developer with all media resources and content required for the website, including photographs, logos, studio details, text, and other materials to be included.
- All media resources and content supplied should be provided in suitable, usable formats and in sufficient quality for implementation.
- A monthly maintenance fee will apply after launch. The amount will be discussed and agreed once the website has launched.
- Total development payable: P 4,100.00. The first year of the domain is included as a developer-covered cost, and hosting is covered by the developer until a large increase in traffic. Thereafter those costs are additional. The monthly maintenance fee is separate and is not included in this total.

Thank you for your business.
